

Symposium on Towards to a Stronger Bioeconomy: Priorities and Collaborations in Biotechnology

PROGRAM OF SYMPOSIUM

10:30-10-40 Opening Speeche Diese preakter will be announced later Health Institutes of Turkey Discept DAMOND Opening Speech Opening Speech Discept DAMOND Opening Speech Depring Speech Discept DAMOND 11:00-12:20 Rana SANYAL, Prof. Dr. Session Moderator) Speaci University Department of Chemistry / RS Research Globally Emerging Trends in Biotechnological Drugs Market and Regulations in the World and in Turkey Session 1 BIOTECHNOLOGICA DRUGS M. Vedat EGILMEZ, MPharm. Pharmaceutical Manufacturers A Sociation of Turkey Global Approaches in Biological Drugs Market and Regulations in the World and in Turkey 2:20-14:00 DRUGS Mohammad RAZZAGHI, PhD Abdi Ibrahim Pharmaceutical Pharmaceutical Companies Global Approaches in Biological and Biosimilar Drugs 1:2.20-14:00 DRUGS Fider at TINEL, Dr. Med. TRPharm Biotechnological Drugs Industry: Problems and Solution Recommendations 1:2.20-14:00 Drugs Fickrettin SAHIN, Prof. Dr. (Session Moderator) Yeditepe University Department of Genetics and Bioengineering Gene Therapies and The future Laboratory and Cord Blood Bank 1:5.00-15:20 Coffee Break Salit SANLIDGLU, Prof. Dr. (Session Moderator) Actibadem Labcell Cell Laboratory and Cord Blood Bank Gene Therapies and The future Laboratory and Cord Blood Bank 1:5.20-16:30 Vasif HASIRCI, Prof. Dr. (Session Moderator) Actibadem Mehmetal IA ydinlar University Department of Hematology The Journey form "Missing Self" Recognition to NK Cell-Me- diated Immunotherapy of Human Hematological Malignanouscie Session 3 NNOVATIVE DE	18 April 2019	Speaker	Institution	Presentation Title
11:00-12:20 (Session Moderator) of Čhemistry / RS Řesearch Session 1 M. Vedat EGILMEZ, MPharm. Pharmaceutical Manufactures A Glance at Biotechnological Drugs Market and Regulations in the Wold and in Turkey BIOTECHNOLOGICAL DRUGS Başak YILMAZ Association of Turkey A Glance at Biotechnological Drugs Market and Regulations in the Wold and in Turkey BIOTECHNOLOGICAL DRUGS Başak YILMAZ Association of Turkey R&D, Scale-up and Production in Biological and Biosimillar Drugs 12:20-14:00 Bilgen DOLEK, PhD AmGen Sustainable Biotechnology Ecosystem: Holistic Approaches 12:20-14:00 Serdar ALTINEL, Dr. Med. TRPharm Biotechnological Drugs Industry: Problems and Solution Recommendations 14:00-15:00 Fikrettin SAHIN, Prof. Dr. (Session Moderator) Yeditepe University Department of Genetics and Bioengineering Gene Therapies and The Future Laboratory and Cord Blood Bank NEW APPROACHES TO GENE AND CELL THERAPIES Evren ALICI, MD, PhD Karolinska University Department of Hematology From "Missing Self" Recognition to NK Cell-Me- diated Immunotherapy of Human Hematological Immunotherapy of Human Hematological Incretin-Based Gene Therapy in Diabetes Treatment 15:20-16:30 Vasif HASIRCI, Prof. Dr. (Session 3 Acibadem Mehmet Ali Aydinlar University Department of Medical Engineering Drug Design and Application of New Generation Incretin-Based Gene Therapy in Dia	Opening Speeches	The speaker will be announced later	Health Institutes of Turkey	Opening Speech
Session 1 Association of Turkey Regulations in the World and in Turkey BIOTECHNOLOGICAL DRUGS Başak YILMAZ Association of Research Based Pharmaceutical Companies Global Approaches in Biological and Biosimilar Pharmaceutical Companies 12:20-14:00 Bilgen DOLEK, PhD Abdi Ibrahim Pharmaceuticals R8D, Scale-up and Production in Biotechnology 12:20-14:00 Serdar ALTINEL, Dr. Med. TRPharm Biotechnological Drugs Industry: Problems and Solution Recommendations 14:00-15:00 Fikrettin SAHIN, Prof. Dr. (Session Moderator) Yeditepe University Department of Genetics and Bioengineering Gene Therapies and The Future Laboratory and Cord Blood Bank 14:00-15:00 Fikrettin SAHIN, Prof. Dr. (Session Moderator) Xeditope University Department of Genetics and Bioengineering Gene Therapies and The Future Laboratory and Cord Blood Bank 15:00-15:20 Evren ALICI, MD, PhD Karolinska University Department of Hematology From "Missing Self" Recognition to NK Cell-Me- diated Immunotherapy of Human Hematological Malignancies 15:20-16:30 Vasif HASIRCI, Prof. Dr. (Session Moderator) Akdeniz University Gene and Cell Therapy Center Drug Design and Application of New Generation Incretin-Based Gene Therapy in Diabetes Treatment 15:20-16:30 Vasif HASIRCI, Prof. Dr. (Session Moderator) Ankara University Faculy of Medical Engineering </td <th>11:00-12:20</th> <td>-</td> <td></td> <td></td>	11:00-12:20	-		
BioTechnological Pharmaceutical Companies Drugs Drugs Mohammad RAZZAGHI, PhD Abdi Ibrahim Pharmaceuticals R&D, Scale-up and Production in Biotechnology Bilgen DOLEK, PhD AmGen Sustainable Biotechnology Ecosystem: Holistic Approach 12:20-14:00 Serdar ALTINEL, Dr. Med. TRPharm Biotechnological Drugs Industry: Problems and Solution Recommendations 14:00-15:00 Fikrettin SAHIN, Prof. Dr. (Session Moderator) Yeditepe University Department of Genetics and Bioengineering Gene Therapies and The Future NEW APPROACHES TO GENE AND CELL Ercument OVALI, Prof. Dr. Acibadem Labcell Cell Laboratory and Cord Blood Bank Gene Therapies and The Future 15:00-15:20 Salih SANLIOGLU, Prof. Dr. Karolinska University Department of Hematology From "Missing Self" Recognition to NK Cell-Me- diated Immunotherapy of Human Hematological Malignancies 15:00-15:20 Salih SANLIOGLU, Prof. Dr. Akdeniz University Gene and Cell Therapy Center Drug Design and Application of New Generation Incretin-Based Gene Therapy in Diabetes Treatment Medical Engineering 15:20-16:30 Yasar Murat ELCIN, Prof. Dr. Acibadem Mehmet Ali Aydinlar University Tauly of Science Biovalda Health Technologies The Journey from ELCINLAB to BiOVALDA Inc.: Inno- vative Developments in the Field of Biomaterials and Tissue Engineering in Turkey	BIOTECHNOLOGICAL	M. Vedat EGILMEZ, MPharm.		
Mohammad RAZZAGHI, PhD Abdi Ibrahim Pharmaceuticals R&D, Scale-up and Production in Biotechnology 12:20-14:00 Bilgen DOLEK, PhD AmGen Suitanable Biotechnology Ecosystem: Holistic Approaches 12:20-14:00 Serdar ALTINEL, Dr. Med. TRPharm Biotechnological Drugs Industry: Problems and Solution Recommendations 14:00-15:00 Fikrettin SAHIN, Prof. Dr. (Session Moderator) Yeditepe University Department of Genetics and Bioengineering Gene Therapies and The Future Laboratory and Cord Blood Bank NEW APPROACHES TO GENE AND CELL THERAPIES Ercument OVALI, Prof. Dr. Acibadem Labcell Cell Laboratory and Cord Blood Bank Gene Therapies and The Future Laboratory and Cord Blood Bank 15:00-15:20 Salih SANLIOGLU, Prof. Dr. Akdeniz University Department of Hematology From "Missing Self" Recognition to NK Cell-Me- diated Immunotherapy of Human Hematological Malignancies 15:20-16:30 Vasif HASIRCI, Prof. Dr. (Session Moderator) Akdeniz University Gene and Cell Therapy Center Drug Design and Application of New Generation Incretin-Based Gene Therapy in Diabetes Treatment NEVOATIVE DEVELOPMENTS IN BIOMATERIALS AND TISSUE Vasif HASIRCI, Prof. Dr. Ankara University Faculty of Science Biovalda Health Technologies The Journey from ELCINLAB to BiOVALDA Inc.: Inno- vative Developments in the Field of Biomaterials and Tissue Engineering Nervin HASIRCI, Prof. D		Başak YILMAZ		5
12:20-14:00 Lunch Break Serdar ALTINEL, Dr. Med. TRPharm Biotechnological Drugs Industry: Problems and Solution Recommendations 14:00-15:00 Fikrettin SAHIN, Prof. Dr. (Session Moderator) Yeditepe University Department of Genetics and Bioengineering Gene Therapies and The Future 14:00-15:00 Fikrettin SAHIN, Prof. Dr. (Session Adverse) Yeditepe University Department of Genetics and Bioengineering Gene Therapies and The Future 14:00-15:00 Ercument OVALI, Prof. Dr. Acibadem Labcell Cell Laboratory and Cord Blood Bank Gene Therapies and The Future 10:60:15:20 Evren ALICI, MD, PhD Karolinska University Department of Hematology From "Missing Self" Recognition to NK Cell-Me- diated Immunotherapy of Human Hematological Malignancies 15:00-15:20 Salih SANLIOGLU, Prof. Dr. Akdeniz University Gene and Cell Therapy Center Drug Design and Application of New Generation Incretin-Based Gene Therapy in Diabetes Treatment 15:20-16:30 Vasif HASIRCI, Prof. Dr. (Session Moderator) Acibadem Mehmet Ali Aydinlar University Department of Medical Engineering The Journey from ELCINLAB to BIOVALDA Inc.: Inno- vative Developments in the Field of Biomaterials and Biovalda Health Technologies 15:20-16:30 Vasir HASIRCI, Prof. Dr. Ankara University Faculty of Science Biovalda Health Technologies The Journey from ELCINLAB to BIOVALDA Inc.: Inno- vative Developments in the Fiel		Mohammad RAZZAGHİ, PhD	Abdi Ibrahim Pharmaceuticals	R&D, Scale-up and Production in Biotechnology
Serial ALINEL, Dr. Med. IRPharm Biddethiological Drugs industry: Problems and Solution Recommendations 14:00-15:00 Fikrettin SAHIN, Prof. Dr. (Session Moderator) Yeditepe University Department of Genetics and Bioengineering Solution Recommendations 14:00-15:00 Ercument OVALI, Prof. Dr. (Session AD CELL THERAPIES Ercument OVALI, Prof. Dr. Acibadem Labcell Cell Laboratory and Cord Blood Bank Gene Therapies and The Future (Session 2) 15:00-15:20 Evren ALICI, MD, PhD Karolinska University Department of Hematology From "Missing Self" Recognition to NK Cell-Me- diated Immunotherapy of Human Hematological Malignancies 15:00-15:20 Salih SANLIOGLU, Prof. Dr. Akdeniz University Gene and Cell Therapy Center Drug Design and Application of New Generation Incretin-Based Gene Therapy in Diabetes Treatment 15:20-16:30 Yasif HASIRCI, Prof. Dr. (Session Moderator) Acibadem Mehmet Ali Aydinlar University Department of Medical Engineering The Journey from ELCINLAB to BIOVALDA Inc:: Inno- vative Developments in the Field of Biomaterials and Tissue Engineering NNOVATIVE DEVELOPMENTS IN BIOMATERIALS AND TISSUE Nesrin HASIRCI, Prof. Dr. Middle East Technical University The Future Prospects of Biomedical Applications The Center of Excellence in Biomaterials and Tissue Engineering An Extraordinary Animal Model in Tissue and Organ Regenerative and Restorative Medicine Research Center An Extraordinary Animal Model in Tissue and Organ <td>Bilgen DOLEK, PhD</td> <td>AmGen</td> <td></td>		Bilgen DOLEK, PhD	AmGen	
14:00-15:00 (Session Moderator) of Genetics and Bioengineering Session 2 Ercument OVALI, Prof. Dr. Acibadem Labcell Cell Laboratory and Cord Blood Bank Gene Therapies and The Future NEW APPROACHES TO GENE AND CELL THERAPIES Evren ALICI, MD, PhD Karolinska University Department of Hematology From "Missing Self" Recognition to NK Cell-Me- diated Immunotherapy of Human Hematological Malignancies 15:00-15:20 Salih SANLIOGLU, Prof. Dr. Akdeniz University Gene and Cell Therapy Center Drug Design and Application of New Generation Incretin-Based Gene Therapy in Diabetes Treatment 15:20-16:30 Vasif HASIRCI, Prof. Dr. (Session Moderator) Acibadem Mehmet Ali Aydinlar University Department of Medical Engineering The Journey from ELCINLAB to BiOVALDA Inc.: Inno- vative Developments in the Field of Biomaterials and Tissue Engineering in Turkey NNOVATIVE DEVELOPMENTS IN BIOMATERIALS AND TISSUE Nesrin HASIRCI, Prof. Dr. Middle East Technical University The Future Prospects of Biomedical Applications The Center of Excellence in Biomaterials and Tissue Engineering An Extraordinary Animal Model in Tissue and Organ Regenerative and Restorative Medicine Research Center		Serdar ALTINEL, Dr. Med.	TRPharm	
NEW APPROACHES Ercument OVALI, Prof. Dr. Acibadem Labcell Cell Laboratory and Cord Blood Bank Gene Therapies and The Future TO GENE AND CELL Evren ALICI, MD, PhD Karolinska University Department of Hematology From "Missing Self" Recognition to NK Cell-Me- diated Immunotherapy of Human Hematological Malignancies 15:00-15:20 Coffee Break Salih SANLIOGLU, Prof. Dr. Akdeniz University Gene and Cell Therapy Center Drug Design and Application of New Generation Incretin-Based Gene Therapy in Diabetes Treatment 15:20-16:30 Vasif HASIRCI, Prof. Dr. (Session Moderator) Acibadem Mehmet Ali Aydinlar University Department of Medical Engineering The Journey from ELCINLAB to BİOVALDA Inc.: Inno- vative Developments in the Field of Biomaterials and Biovalda Health Technologies Session 3 INNOVATIVE DEVELOPMENTS IN BIOMATERIALS AND TISSUE Nesrin HASIRCI, Prof. Dr. Ankara University Faculty of Science Biomaterials and Tissue Engineering The Journey from ELCINLAB to BİOVALDA Inc.: Inno- vative Developments in the Field of Biomaterials and Tissue Engineering in Turkey Nesrin HASIRCI, Prof. Dr. Middle East Technical University The Future Prospects of Biomedical Applications The Center of Excellence in Biomaterials and Tissue Engineering An Extraordinary Animal Model in Tissue and Organ Regenerative and Restorative Medicine Research Center	14:00-15:00			
15:00-15:20 Coffee Break Salih SANLIOGLU, Prof. Dr. Akdeniz University Gene and Cell Therapy Center Drug Design and Application of New Generation Incretin-Based Gene Therapy in Diabetes Treatment 15:20-16:30 Vasif HASIRCI, Prof. Dr. (Session Moderator) Akdeniz University Gene and Cell Therapy Center Drug Design and Application of New Generation Incretin-Based Gene Therapy in Diabetes Treatment 15:20-16:30 Vasif HASIRCI, Prof. Dr. (Session Moderator) Acibadem Mehmet Ali Aydinlar University Department of Medical Engineering The Journey from ELCINLAB to BiOVALDA Inc.: Inno- vative Developments in the Field of Biomaterials and Biovalda Health Technologies INNOVATIVE DEVELOPMENTS IN BIOMATERIALS AND TISSUE Nesrin HASIRCI, Prof. Dr. Middle East Technical University The Center of Excellence in Biomaterials and Tissue Engineering The Future Prospects of Biomedical Applications The Center of Excellence in Biomaterials and Tissue Engineering Gurkan OZTURK, Prof. Dr. Medipol University Regenerative and Restorative Medicine Research Center An Extraordinary Animal Model in Tissue and Organ Regeneration: Axolotl	NEW APPROACHES	Ercument OVALI, Prof. Dr.		
Coffee Break Saint SAINTOGLO, Fron. Dr. Akteriz University Gene and Cell Therapy Center Drug Design and Application of New Generation Incretin-Based Gene Therapy in Diabetes Treatment 15:20-16:30 Vasif HASIRCI, Prof. Dr. (Session Moderator) Acibadem Mehmet Ali Aydinlar University Department of Medical Engineering The Journey from ELCINLAB to BioVALDA Inc.: Inno- vative Developments in the Field of Biomaterials and Biovalda Health Technologies Session 3 INNOVATIVE DEVELOPMENTS IN BIOMATERIALS AND TISSUE Nesrin HASIRCI, Prof. Dr. Ankara University Faculty of Science Biomaterials and Tissue Engineering The Journey from ELCINLAB to BioVALDA Inc.: Inno- vative Developments in the Field of Biomaterials and Tissue Engineering in Turkey Nesrin HASIRCI, Prof. Dr. Middle East Technical University The Center of Excellence in Biomaterials and Tissue Engineering An Extraordinary Animal Model in Tissue and Organ Regenerative and Restorative Medicine Research Center	THERAPIES	Evren ALICI, MD, PhD		diated Immunotherapy of Human Hematological
15:20-16:30 (Session Moderator) University Department of Medical Engineering Yasar Murat ELCIN, Prof. Dr. Ankara University Faculty of Science The Journey from ELCINLAB to BiOVALDA Inc.: Innovative Developments in the Field of Biomaterials and Tissue Engineering in Turkey DEVELOPMENTS Nesrin HASIRCI, Prof. Dr. Middle East Technical University The Future Prospects of Biomedical Applications The Center of Excellence in Biomaterials and Tissue Engineering Gurkan OZTURK, Prof. Dr. Medipol University Regenerative and Restorative Medicine Research Center An Extraordinary Animal Model in Tissue and Organ Regeneration: Axolotl		Salih SANLIOGLU, Prof. Dr.		
Session 3 Science vative Developments in the Field of Biomaterials and Biovalda Health Technologies DEVELOPMENTS IN BIOMATERIALS AND TISSUE Nesrin HASIRCI, Prof. Dr. Middle East Technical University The Future Prospects of Biomedical Applications The Center of Excellence in Biomaterials and Tissue Engineering Gurkan OZTURK, Prof. Dr. Medipol University Regenerative and Restorative Medicine Research Center An Extraordinary Animal Model in Tissue and Organ Regeneration: Axolotl	15:20-16:30		University Department of	
DEVELOPMENTS IN BIOMATERIALS AND TISSUE Nesrin HASIRCI, Prof. Dr. Middle East Technical University The Future Prospects of Biomedical Applications The Center of Excellence in Biomaterials and Tissue Engineering Gurkan OZTURK, Prof. Dr. Medipol University Regenerative and Restorative Medicine Research Center An Extraordinary Animal Model in Tissue and Organ Regeneration: Axolotl		Yasar Murat ELCIN, Prof. Dr.	Science	vative Developments in the Field of Biomaterials and
Regenerative and Restorative Regeneration: Axolotl Medicine Research Center	DEVELOPMENTS IN BIOMATERIALS	Nesrin HASIRCI, Prof. Dr.	The Center of Excellence in Biomaterials and Tissue	The Future Prospects of Biomedical Applications
		Gurkan OZTURK, Prof. Dr.	Regenerative and Restorative	
		Levent Mete OZGURBUZ	BMT Calsis	Current Studies in Regenerative Biomaterialsr

19 April 2019	Speaker	Institution	Presentation Title
10:15-11:05 Session 4 INNOVATIVE APPROACHES IN MEDICAL DEVICES AND DIAGNOSTIC KITS	Asim HOCAOGLU, PhD (Session Moderator)	Turkish Medicines and Medical Devices Agency (TITCK) Department of Medical Device Notified Body and Clinical Trial	S
	Hakan UREY, Prof. Dr.	Koc University Department of Electrical and Electronic Eng.	Portable Devices Developed for Diagnosis From A Drop of Blood and Clinical Results
	Oktay ALGIN, Prof. Dr.	Ankara Yildirim Beyazit University Faculty of Medicine	R&D Cooperations in the Fields of Interventional Radiology, MRI and Stroke
11:05-11:20 Coffe Break	Elif AKYUZ, PhD	Anatolia Geneworks	Quality Management in the Production of Molecula Diagnostic Kits
11:20-12:30	Hakan YURDAKUL, PhD (Session Moderator)	Presidency of the Turkish Republic - Directorate of Economy Monitoring and Coordination	
Session 5 INVESTMENTS AND INCENTIVES IN BIOTECHNOLOGY INDUSTRY 12:30-13:30 Lunch Break	The speaker will be announced lat	er Ministry of Industry and Technology	Title will be announced later
	The speaker will be announced lat	er TUBITAK - Technology and Innovation Funding Programmes Directorate	Title will be announced later
	Guzen HOSGOR, MSc.	TUSEB - Department of Project Management and Grants	TUSEB R&D Grants and Awards
	Ferhat FARSI, Pharm.D.	CinnaGen	Title will be announced later
	Ercan VARLIBAS, Dr. Med.	VSY Biotechnology	An Ecosystem Building Model in the Biotechnology Industry
13:30-14:40 Session 6	Cengizhan OZTURK, Prof. Dr. (Session Moderator)	Bogazici University Departmen of Bioengineering / Istanbul Health Industry Cluste (ISEK)	
ENTREPRENEURSHIP ECOSYSTEM IN BIOTECHNOLOGY	Gokhan GUNER	ACT Venture Partners	The Importance of Early-Stage Biotechnology Companies and Capital Investments
	Deniz TUNCALP, Assoc. Prof. Dr.	ITU ARI Technopolis	The Biotechnology Entrepreneurship and Examples of Startups in Turkey
14:40-15:00 Coffee Break	Can GARIPOGLU	AxolotlBio	A Personalized Health Care Solution: Bioprinting
	Umut AGYUZ	Genz Biotech	The Path for Successful Biotech Companies, From Zero2Hero
15:00-18:00 BIO STARTUP PROGRAM DEMO DAY	Selin Arslanhan MEMIS	pening of the Demo Day resentations by 15 Bioentrepreneurs (5 min. for the presentations and 5 min. for Q&A) offee Break for Jury Evaluation (15 min)	
	Announcement of the Results
